Request for Proposal (RFP) for Supply, Installation and Maintenance of Printers and Scanners Rate Contract.

	Issue / Concern	Request / Suggestion	Clarifications
1	Page 48, Annexure E1 - Technical Specification for Passbook Printers	Request to keep Passbook Printers under a separate schedule <u>Remarks:</u> We do not offer Passbook Printers, and obtaining OEM authorization may be challenging for partners. Most OEMs manufacturing Passbook Printers are primarily associated with Inkjet Printer offerings, which may restrict broader participation.	Please adhere to the terms & conditions of the RFP
2	Page 53, Annexure E4 - Technical Specification for Ink Tank Printers (MFP)	Request to change the specification to Colour MFP. <u>Remarks:</u> For Mono Laser Printers with 30 PPM speed, only a single OEM appears to meet the requirement, limiting competition.	Please adhere to the terms & conditions of the RFP
3	Page 53, Annexure E4, Sl. No. 10 - Interface: High Speed USB 2.0 with Ethernet Interface as standard interface (10/100/1000 Mbps)	Request amendment of Ethernet interface specification from 10/100/1000 Mbps to 10/100 Mbps. <u>Remarks:</u> This specification is adequate for operational requirements and will encourage broader OEM participation.	Please refer Corrigendum/Addendum-1
4	Page 53, Annexure E4, Sl. No. 12 - Support: ESC P-R print language / PCL 6/5e/SPL with PostScript support	Request removal of this specification. <u>Remarks:</u> Universal print drivers adequately support printing requirements without impacting PC performance. The current specification appears OEM-specific and restricts fair competition.	Please refer Corrigendum/Addendum-1
5	Page 54, Annexure E5 - Technical Specification for Ink Tank Printers	Request to change the specification to Colour MFP. <u>Remarks:</u> The current Mono Laser Printer specification at 30 PPM is met by only one OEM, thereby restricting participation.	Please adhere to the terms & conditions of the RFP
6	Page 54, Annexure E5, Sl. No. 9 - Interface: High Speed USB 2.0 with Ethernet Interface as standard interface (10/100/1000 Mbps)	Request amendment of Ethernet interface specification from 10/100/1000 Mbps to 10/100 Mbps. <u>Remarks:</u> This specification is adequate for operational requirements and will encourage broader OEM participation.
